MSA Safety Awarded SCBA Contract By Greater Montreal Fire Departments

Nov 18,2026

PITTSBURGH, Nov. 18, 2026 /PRNewswire/ -- MSA Safety Incorporated (NYSE: MSA), a global leader in advanced safety technology products and solutions, today announced that it was awarded a contract by the Montreal Fire Department and the Longueuil Fire Department following a public tender process and extensive evaluation of respiratory protective equipment. The departments will be equipped with the **MSA® G1 ™ Self-Contained Breathing Apparatus (SCBA) Platform**. The joint department SCBA tender is part of a $13.5 million contract award.

"We're honored the Montreal and Longueuil fire departments have placed their trust in MSA to help protect their firefighters," said Steve Blanco, MSA Safety President and Chief Executive Officer. "We appreciate the time and effort both departments invested in evaluating available SCBA platforms. At MSA, we remain committed to developing innovations that help improve firefighter health and safety and support our collective mission of returning home safely at the end of each shift."

Established in 1863, the Montreal Fire Department helps protect more than 1.9 million residents. The department operates 67 stations throughout the city and provides fire protection and specialized services, including hazardous materials response, technical and confined-space rescue, and water and ice rescue. Formed in 2002, the Longueuil Fire Department helps protect more than 400,000 residents across eight municipalities.

Shipment of the G1 SCBA units will begin in late 2026 and continue through the first quarter of 2027.
